RE: Vasquez Boulevard/ Interstate 70 (VB/I-70) Site
Phase III Field Investigation

Dear Barbara:

Enclosed please find summaries of the lead and arsenic concentrations measured in residential yards sampled by EPA as part of the VB/I-70 Phase III field investigation. The information is presented in histograms to depict the distribution of the data. Please note that this data is preliminary and unvalidated and should not be used for decisions about the site although it is useful for planning future site activities.

We look forward to discussions about this information in upcoming VB/I-70 Working Group meetings. If you have any questions about the enclosed document, please call me at (303) 312-6579.

Sincerely,

A handwritten signature in cursive script, reading "Bonnie Lavelle".
